COVID-19 VACCINATION

Information for residents on COVID-19 vaccination

Information current as at 13 July 2021

Vaccination is the most effective protection against COVID-19. Protecting residents in aged care and the workers who care for them is a priority.

For older Australians and others most at risk, getting vaccinated as quickly and safely as possible is critical. Vaccination will help to protect you from hospitalisation or death.

If you are not yet vaccinated, please be assured that your health and safety is a priority and there are a number of ways you can access your vaccination. Your facility will have information available to discuss with you the most convenient option for accessing your vaccination.

Residents in 2,566 residential aged care facilities across Australia have received COVID-19 vaccine first and second doses through the Commonwealth's vaccine roll out in aged care.

To ensure your protection, from mid-September it will be mandatory for residential aged care workers to be vaccinated against COVID-19.

In addition, your residential aged care service must now keep records and report on the number of residents and workers who have received a COVID-19 vaccination.

This will assist governments and residential aged care providers to understand how many residents and aged care workers are vaccinated against COVID-19. It will help to understand risks to residents and workers to prepare, plan and respond to a COVID-19 outbreak.

If there is a COVID-19 outbreak in your facility, it will be important to know how many residents and workers have been vaccinated so that protective measures can be put in place for those who have not been vaccinated.

Your aged care facility will discuss with you how they will collect and report information on the number of residents in the facility who have received a COVID-19 vaccination, and seek your agreement to confirm your COVID-19 vaccination status.

What information will my aged care facility collect and report?

The information your aged care facility will collect is very similar to the way they currently record information on the number of residents and workers who received an influenza vaccination.

Your aged care facility will provide the following information to the Department of Health:

- total number of residents and workers, and of those

- the number of residents and workers who have received a single dose of a COVID-19 vaccine, and
- the number of residents and workers who have received all required doses of a COVID-19 vaccine.

The information your aged care facility reports will not identify any individual.

Do I need to show any evidence of my COVID-19 vaccination?

Your aged care facility will discuss with you how they will record your COVID-19 vaccination status, and you are encouraged to provide evidence of your vaccination status.

The evidence you can choose to provide includes:

- a vaccination certificate or other evidence from a vaccine provider, or
- an immunisation history statement which you can access from Medicare online or the Express Plus Medicare mobile app.

You can also provide a signed declaration, a statement of your vaccination history which you can request from the Australian Immunisation Register, or a record from a health practitioner.

Where can I get information to help me decide about getting a COVID-19 vaccination?

A fact sheet is available for residents and their families which provides information about COVID-19 vaccines. There is also a wide range of information available on the [health.gov.au](https://www.health.gov.au) website in 63 languages.

You can also choose to talk to a health professional about the benefits and risks of vaccination.

Your Guide to Aged Care

1800 246 637 | chomes.com.au

CHRISTADELPHIAN
AGED CARE

Where to start?

We understand the decision to move yourself or a loved one into an aged care Home can be difficult. We aim to make the transition as smooth as possible.

We hope the information contained in this booklet helps you better understand the aged care process.

It often helps to speak with an aged care expert over the phone or face-to-face, so please don't hesitate to contact us with any questions you may have about us or the aged care process in general.

What is an ACAT?

If you are considering moving yourself or a loved one into an aged care Home you first need an assessment with a member of an Aged Care Assessment Team (ACAT).

ACAT members are usually doctors, nurses, social workers or other health professionals based at a local hospital or community health provider.

ACAT assessments are free, as they are funded by the Australian Government to determine if a person is eligible for government-subsidised aged care services.

The ACAT members will visit you or your loved one at home or hospital and ask questions about how well they are managing day-to-day living, and provide information about options for your future.

To find your local ACAT call 1800 200 422 or visit myagedcare.gov.au.

After completing the ACAT assessment you will receive a letter to let you know if you have been approved as eligible for Australian Government subsidised aged care services. The letter will tell you what type of services you are eligible for and approved to receive, and the reasons why.

You should keep a copy of your letter for organisations such as Christadelphian Aged Care to confirm that you are eligible to receive Australian Government subsidised aged care services.

Choosing a Home

The best way to choose a Home is to go on a tour and see for yourself first-hand how it is run.

Important things to take note of during the tour include:

- Cleanliness and smells
- How engaged the residents are in activities
- If the residents look happy and cared for
- If there is a volunteer or Spiritual Care program
- If there are bus outings and an active social program
- If there is a secure dementia area
- If the staff are friendly and helpful
- If there is a positive atmosphere among the residents and staff

To book a tour at any of Christadelphian Aged Care Homes please call 1800 246 637 or email admissions@chomes.com.au.

What are the costs?

Residents who enter aged care in Australia are required to pay:

- + care fees
- + accommodation fees
- + optional extras

Depending on the resident's financial circumstances they may be eligible for Government assistance towards their costs.

Care fees

These fees are determined by the Government and cover the cost of nursing care, meals and housekeeping services.

They include:

Basic daily fee

This is 85% of the pension, currently:

\$61.96

Means tested care fee

This is an additional daily care fee based on a resident's assets and income.

The Means Tested Care Fee is indexed and capped annually (\$33,309.29), and over the lifetime of a resident (\$79,942.44)*.

*Correct to September 19, 2024

Accommodation fees

This will differ depending on the type of room you choose. Prices are usually advertised on an aged care organisation's website.

You can pay in three different ways:

1. A Refundable Accommodation Deposit (RAD)

This is a lump sum, and the balance is refunded when the resident leaves our care, minus any agreed deductions

Eg. \$500,000

The lump sum is completely negotiable.

2. A Daily Accommodation Payment (DAP)

Instead of paying a lump sum you can pay a daily fee based on the RAD, charged at the Maximum Permissible Interest Rate (MPIR) (currently 8.34%)

Eg. $\$500,000 \times 8.34\% / 365 =$
\$114.25 per day**

3. Any combination of both

Pay part Refundable Accommodation Deposit and part Daily Accommodation Payment

Eg. Half of \$500,000 + $\$250,000 \times 8.34\% / 365 =$
\$57.12 per day**

*The MPIR is updated quarterly. Correct as of 1 April, 2024 - 30 June, 2024.

**The Daily Accommodation Payment is charged from the Date of Entry, and will be charged until the Refundable Accommodation Deposit is paid (if Option 1 is the chosen method of payment).

Optional extras

Depending on the Home the resident may have to pay extra for services such as telephone, internet, hair appointments and allied health services such as dental, podiatry etc.

- Telephone one off set up cost: \$150.00
- Telephone charge per month: \$30.00

Extra Services

Some Homes offer Extra Service places, for people seeking a premium aged care experience.

These places incur an extra daily fee, and may include:

- Ensuite rooms with superior furnishings and decor
- LCD televisions with Foxtel
- Choice of menu and wine with dinner
- Complimentary phone service
- Wi-Fi service
- Daily newspaper delivery
- Weekly hairdressing services

Care fees

Basic daily fee

\$61.96*

This covers meals, laundry services, housekeeping etc and is set by the Government at 85% of the full pension

Means tested care fee

This is an additional daily care fee based on a resident's assets and income, and is determined by the Government

*Correct to September 19, 2024

Accommodation fees

This will differ depending on the type of room you choose.

3. Any combination of both

Pay part Refundable Accommodation Deposit and part Daily Accommodation Payment.
Eg. Half the RAD + $\$250,000 \times 8.34\% / 365 = \57.12 per day**

*The MPIR changes quarterly. Correct as of
1 April, 2024 - 30 June, 2024

** The DAP will be charged from Date of Entry until RAD is paid.
